AFFIDAVIT:

I, Mary, Turk, being duly sworn, depose and state that I am a Special Agent (SA) with the United States Secret Service (USSS) and have been so employed since April 2007.

1. I have received training from the USSS on conducting criminal investigations. I am currently assigned to the USSS, Dayton Resident Office, and have assigned to participate in investigations involving financial crimes, specifically violations of Title 18, United States Code Section 1029, Fraud and Related Activity in connection with Access Devices.
2. This affidavit is made in support of a federal complaint and arrest warrant against **LANCE EALY** for violation of United States Code, Section 1029(a)(3), Fraud and Related Activity in connection with Access Devices; knowingly and with intent to defraud possesses fifteen or more devices which are counterfeit or unauthorized access devices. The following information is known to me or was reported to me by law enforcement officers involved in this investigation and/or other cooperating individuals with knowledge or relevant facts. This affidavit does not contain all the information derived from the investigation and/or interviews, but rather includes only those facts that I believe would be sufficient to establish probable cause to obtain a criminal complaint and arrest warrant in this matter. Unless specifically indicated, all conversations, statements and other information described in this affidavit are described only in part and in substance.

INTRODUCTION/TERMINOLOGY:

3. Personal Identifiable Information ("PII") can include examples such as individuals' names, addresses, social security numbers, dates of birth, places of work, duration of work, state driver's license numbers, mothers' maiden names, bank account numbers, bank routing numbers, e-mail account names, and other account passwords.
4. The term "Carding" refers to an assortment of illegal activities revolving around the theft and fraudulent use of

PII and payment card data, and "carders" refers to individuals who are engaged in illegal carding activity.

5. The term "Fulls" or "Fullz" ("Full Info(s)") is characterized as a slang term that carders use to describe a package of PII. The terms "info" or "infos" are also sometimes used by carders to refer to "fullz." "Fullz" typically include the following types of PII: names, addresses, social security numbers, dates of birth, places of work, duration of work, state driver's license numbers, mothers' maiden names, bank account numbers, bank routing numbers, e-mail account names, and other account passwords.
6. "Fullz" are frequently used by carders to take over the identity of a person in order to engage in various types of fraudulent activities, without the identity theft victim's consent. These can include opening new financial accounts, including credit card accounts, in the victim's name and making fraudulent purchases on, or transfers of funds from, those accounts, and taking out loans in the victim's name.
7. "Fullz" can be obtained by carders in a variety of ways, including but not limited to purchasing them from a vendor via e-mail or via a website maintained and/or operated by a vendor for the purpose of selling PII.

FACTS:

8. From approximately 2009 to 2012, a specific e-mail address known as wangsangpi@gmail.com was utilized by a particular vendor of PII ("Vendor"). It was discovered that a VENDOR utilized this email account to communicate with prospective and actual buyers of PII and "fullz" and to transfer stolen PII and "fullz" to customers. The PII and "fullz" that VENDOR offered for sale, sold, and/or transferred to others were stolen or otherwise illegally obtained, and VENDOR was not authorized to possess, transfer, and/or sell the PII or "fullz."
9. Beginning on or about March 2013, a Federal search warrant was executed for email addresses wangsangpi@gmail.com. The search warrant revealed that email address wangsangpi@gmail.com communicated with various email addresses, to include lanceealy123@yahoo.com, regarding the

purchase and/or transfer of stolen PII and "fullz" information.

10. The search warrant on email address wangsangpi@gmail.com revealed between the dates of January 12, 2012, and January 26, 2013, lanceealy123@yahoo.com purchased approximately three hundred and sixty three (363) "PII" and "fullz" from wangsangpi@gmail.com.
11. Beginning on or about February 10, 2013, email address wangsangepi@gmail.com was controlled by an undercover agent ("UC agent") located in New Hampshire, who utilized this email account to correspond with others, including **EALY**, while posing as VENDOR.
12. Beginning at a date around the time frame of January 2013 and continuing to a date uncertain, but at least as late as July 2013, in the Southern District of Ohio and elsewhere, **LANCE EALY**, devised and intended to devise a scheme and artifice to defraud others, and for obtaining money and property by means of materially false and fraudulent pretenses, representations, and promises.
13. It was part of the scheme that **EALY**, residing in Dayton, Ohio, utilizing e-mail addresses lanceealy123@yahoo.com and lanceealy@yahoo.com contacted and corresponded with individuals, including the UC agent.
14. It was further part of the scheme that **EALY** sought to purchase "fullz" from the aforementioned UC agent.
